

ANTARES, provided with 3 powerful motors, allows a comfortable suction of oil, shavings and all kinds of waste deriving from industrial manufacturing. The filter is protected by a metal cyclone and, thanks to the side inlet, the filter will not be damaged by the shavings. Moreover, the separator allows to keep the shavings away from the oils and increases the capacity of the machine.

ANTARES

Code: KITSE440

BL375K

Motors	3
Stage	double
Volt (V)	220-240
Frequency (Hz)	50/60
Cooling	by pass
P max motor (W)	3600
P (W)	3150
Waterlift (mm H ₂ O)	2400
Air flow (m ³ /h)	645
LpA sonorus 3mt(dB(A))	68
Total tank capacity (lt)	95
Weight	34,5
